

**NOTICE OF AVAILABILITY
DRAFT ENVIRONMENTAL IMPACT REPORT
NEWPORT BANNING RANCH PROJECT**

Notice is hereby given that the Draft Environmental Impact Report (EIR) (State Clearinghouse No. 2009031061) for the proposed Newport Banning Ranch Project is available for public review and comment pursuant to the California Environmental Quality Act (CEQA). The Draft EIR addresses the environmental effects associated with implementation of the Newport Banning Ranch Project.

Project Location: The Project site is approximately 401 acres. Approximately 40 acres of the Project site are located within the incorporated boundary of the City of Newport Beach, and approximately 361 acres are in unincorporated Orange County within the City's Sphere of Influence. The entire site is within the Coastal Zone, as established by the California Coastal Act.

Project Description: The Project would allow for the development of the approximately 401.1-acre site with 1,375 residential dwelling units (du); 75,000 square feet (sf) of commercial uses, a 75-room resort inn with ancillary resort uses, and approximately 51.4 gross acres for active and passive park uses including a 26.8-gross-acre public Community Park. Approximately 252.3 gross acres (approximately 63 percent) would be retained in permanent open space. The Project site's existing surface oil production activities located throughout the site would be consolidated into approximately 16.5 acres. The remaining surface oil production facilities would be abandoned/re-abandoned, remediated for development, and/or remediated and restored as natural open space. The proposed Project includes the development of a vehicular and a non-vehicular circulation system for automobiles, bicycles, and pedestrians, including a pedestrian and bicycle bridge from the Project site across West Coast Highway. Project approvals required from the City include a General Plan Circulation Element Amendment, Pre-zoning, Zone Change, Planned Community Development Plan, Master Development Plan, Tentative Tract Map, Development Agreement, and Affordable Housing Implementation Plan. The Project would also require a Coastal Development Permit from the California Coastal Commission.

The Draft EIR examines the potential impacts generated by the proposed Project in relation to the following CEQA Checklist categories: aesthetics and visual resources, land use and planning programs, geology and soils, hydrology and water quality, population, housing, and employment, transportation and circulation, air quality, green house gas emissions, noise, biological resources, cultural and paleontological resources, recreation and trails, hazards and hazardous materials, public services, utilities, and alternatives.

The City of Newport Beach is the Lead Agency for this Draft EIR. Copies of the Draft EIR and technical appendices are available for public review at the following locations:
