

PEER PROGRAM

The natural lands near the mouth of the Santa Ana River have a long list of restoration work to be done. Many organizations are already working there. Banning Ranch Conservancy (BRC) is **adding a workforce** and **coordinating** with stakeholders for a **more cohesive, inclusive, & effective** restoration effort along the **Santa Ana River Coastal Corridor** through its PEER Program.

PARTNERSHIPS

BRC **partners** with local residents, tribal groups, governments, nonprofits, businesses, schools, and more. Everyone is a potential partner for the PEER Program!

➔ **Contact us** to get your organization(s) involved

ENGAGING THE COMMUNITY

BRC provides space for people to **learn** about the land and its ecosystems, to **develop** a lifestyle of stewardship, **reflect** on experiences, and **equip** people to participate in public planning processes for these lands.

➔ **Learn** about the natural world

EQUITY & INCLUSION

BRC wants to see individuals of **all backgrounds** stewarding the land and benefitting the natural world, including from local **underserved, under represented, and disadvantaged communities**. We also **accommodate people** with language or disability barriers.

➔ **Get your community** involved

RESTORATION

BRC hosts **monthly restoration, cleanup, and education days**. Led by licensed restoration biologists, expert trainings to educate our **volunteers**, and offering time for reflection to share experiences.

➔ **Follow / subscribe** for volunteer information
